

# Cottesmore St Mary's May Mary Challenge

Build your own **Mary Garden** *either* inside or outside!

An alternative Mary Garden is to plant a mini-terracotta pot. A small, pretty statue of Mary in the middle among tiny stones, greenery, and flowers make this an effective Mary Garden.

- 1) Find a space in your garden or a plant pot that you already have. *Or* find a jar that you can use to create a mini garden.
- 2) Add some flowers- Flowers are often a symbol of Mary. We use them in our Mary Mass!
- 3) Add a statue or cut out of Mary ( you can draw your own picture too)
- 4) Take a photo and send to Mrs Fairbanks by **8<sup>th</sup> May.**

We will make a 'virtual rosary slideshow' with the images.
